

MLCC suggestions to add to HB 5257.

The Senate did an S-1 with the language for SB 722 but they did not take the bill up in Committee yet.

The advertisement must include the date, time, and location of the event will match what is already in 436.1537 (5) (d).

Also, the October 27, 1999 Commission Order for on-premises brand promotion states “The Commission must be notified in writing a minimum of five (5) working days prior to the event of *the date, time and location of the event.*” We think this helps outline what is required and will make it clear for our Enforcement staff that it is an event under one of these approved areas.
